RESOLUTION SUPPORTING SCHOOL FUNDING CHANGE IN ILLINOIS

If Senate Bill 16 is passed, it would change the way money is allocated to school districts in Illinois. The Board of Education approved a resolution to support education funding reform. The bill would ensure districts with a high number of low-income students and less property tax revenue receive more money. Quincy Public Schools could receive about \$4.75 million more in state aid under this proposed formula. A group of legislators in the more affluent Chicago area districts are opposing the bill because those schools would receive less money.
